BOARD OF SELECTMEN 2014

WE REMEMBER

Jerome H. “Jerry” St. Clair **January 31, 1928—April 11, 2014**

This year we wish to remember Jerome Hamilton “Jerry” St. Clair who died at the age of 86 on April 11, 2014.

Jerry proudly served his country as a sergeant and paratrooper in the U.S. Army. Jerry retired from the New York Telephone Company as a district manager and moved back home in 1983 to his original roots in Maine with his wife Helen.

As an active member of the Boothbay region community Jerry volunteered countless hours and held many positions on various boards and committees, including serving as a Boothbay Harbor Selectman. He also served on the Waterfront Committee and played an integral part in the creation of the new waste transfer station. Jerry will always be remembered fondly for his wonderful wit and mischievous grin when driving through town with his faithful dog Cody by his side in his pickup truck.

Jerry was the voice of reason and professionalism during his tenure as a select board member. He will always be remembered as a strong contributor to the Town of Boothbay Harbor and greatly missed by his community, friends and family.

Boothbay Harbor Board of Selectmen

Last May the town elected first time official Wendy Wolf and re-elected JD Warren and Denise Griffin to the board. JD Warren resigned from the board in January, 2015. We thank him for his service to the town.

The Board continues to have a policy of strong fiscal responsibility. The town's finances are in excellent shape and we thank the town manager, budget committee, department heads and all town employees who continue to help control the budget.

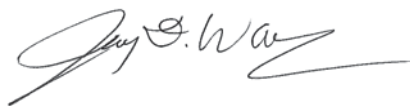

This year many volunteers completed work on a Comprehensive Plan with the help and assistance of the Lincoln County Planning office. The plan gives us a complete, current view of the town and a possible roadmap for the future in a manner consistent with our values.

We are thrilled that the fish pier is up and running and serving our local fisherman in an effective and efficient manner. We continued our efforts towards enhancing economic development in the town by holding meetings with the selectmen from the Town of Boothbay to determine how we might work together to promote the region in the future.

Lastly, Leah Sample was awarded the Spirit of America Award for her lifelong dedication to volunteerism in the town. She quietly worked behind the scenes in many organizations including the library, schools and Meals On Wheels. We hope that other residents will continue her calling by offering to volunteer for one of the many Town of Boothbay Harbor Committees.

It is our privilege to have served the Town.

Respectfully Submitted,

Your Elected Board of Selectmen

Annual Report, 2014

Boothbay Harbor Town Manager

Town Manager Thomas Woodin

I'm pleased to report on the positive progress and accomplishments of the past year.

The town received another sound audit confirming again that we are in a good financial position. This past year the tax rate went down from 10.95 to 10.90 while maintaining funds in excess of the 8% undesignated fund required in our ordinances.

We have set up a new town website and Facebook page. We are also accepting credit card payments at the front counter again.

The Comprehensive Plan Committee has been working diligently over the last two years to update the Comprehensive Plan and I expect it will be adopted at this year's town meeting. Thank you to all the dedicated volunteers who contributed so much of their time on this project.

Extensive renovations at the town owned fish pier property were completed which included a new freezer building, a new tenant and improvements to the parking, traffic flow and access to the boat ramp. The public works cold storage building was replaced which now includes a climate controlled storage space for municipal documents. These projects were paid for using existing funds and did not increase the tax rate. Discussions continue also regarding the beautification of the gateway into our community as well as the town owned site that formerly contained public tennis courts.

Bike Maine graced our village in September with over 350 cyclists participating for a two day layover. They set up a tent village at the high school football field and proceeded to enjoy our town's hospitality and all that this great community has to offer. A special thank you to Eileen King, Superintendant of Schools, David Benner, CSD Facilities Director and the entire school board for allowing us to use the facilities for the tent village. Darlene French, CSD Food Coordinator and her staff did an amazing job organizing and preparing meals for hundreds of people in addition to school being in session. Thank you Tom Caron for preparing the lobster bake. Thank you to Michelle Davis from the Chamber of Commerce, Andy Hamblett from the YMCA, our local public works, police and fire departments, the Boosters Club, Project Graduation and the Boothbay Region Seahawks football team who helped set up the village. The event was a huge success due to all of your efforts.

Discussions continue on updating the verbiage of the CSD Charter drafted in 1953 as well as the formation of a Joint Economic Development Committee in collaboration with the Town of Boothbay.

A special thank you goes out to Chris Leeman, Nick Livingston and Clyde Burnham who while shorthanded, tackled one of the most difficult winters any of us can remember. A huge appreciation goes out to the part time employees and subcontractors who rallied to our aid and assisted. We could not have done it without you. Lastly, I thank the town employees, boards and committees for all their hard work every day for all they do to contribute and operate this town. Thank you to the citizens of our community for your suggestions, input and your support. I look forward to continuing to serve the people of Boothbay Harbor.

Respectfully Submitted,

A handwritten signature in black ink that reads "Thomas Woodin".

INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Boothbay Harbor
11 Howard Street
Boothbay Harbor, Maine 04538

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Boothbay Harbor, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Boothbay Harbor as of June 30, 2014 and 2013, and the respective changes in financial position, and where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

TOWN OF BOOTHBAY HARBOR, MAINE
Management's Discussion and Analysis
June 30, 2014

The following is a discussion and analysis of the Town of Boothbay Harbor's financial activities and performance for the fiscal year ending June 30, 2014.

FINANCIAL AND DISCUSSION HIGHLIGHTS

- The Town's net position increased by \$198,848.19 (Exhibit B).
- General fund actual revenues exceeded expenditures by \$205,936.71 (Exhibit F).
- In business-type activities, (i.e. Fish Pier Enterprise Fund) revenues decreased by 16.8% from the previous year from \$46,389.34 to \$38,578.63. Operating expenses, which includes depreciation, decreased by \$4,588.51 resulting in an operational loss of \$4,416.41 for the Fish Pier Enterprise Fund.
- Governmental revenues increased by \$289,334.45 from the previous year due to an increase in property valuation.
- Mil rate of 10.95 per thousand is a 0.45 per thousand increase from last year. Assessed value of \$594,244,460.00 was listed as of April 1, 2013.

THIS REPORT

There are two basic financial statements: government-wide financial statements and fund financial statements. Government-wide statements present an overview of the overall government, measuring and reporting all of its assets, liabilities, expenses, and net gains and losses. It excludes fiduciary (or trust) fund types, and focuses on governmental and business-type activities. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when they are earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues and posted in the year in which they are levied. Grants are recognized as revenue as soon as the eligibility requirements have been met. Capital assets and long-term debt are recognized as assets and liabilities in the entity-wide financial statements.

Exhibits A and B (i.e., Statement of Net Position and Statement of Activities) are examples of government-wide financial statements. They report information on the change in net position of non-fiduciary activities of the Town as a whole, and demonstrate the degree to which expenses are offset by program revenues. Program revenues are derived directly from the program itself - they are charges to customers for services, and include any specific operating grant and contribution to the Town. The equity section of Exhibit A shows the amounts net invested in capital assets, as well as assigned, unassigned and committed for capital projects. Assigned net position is restricted by creditors or imposed by law, whereas, unassigned net position is the residual amounts leftover.

Governmental fund financial statements are reported using the current financial resources measurement focus as well as the modified accrual basis of accounting. The fund financial statements start with Exhibit E. Revenues are recognized as soon as they become available and measurable. Revenues susceptible to accrual are property taxes, interest, and charges for service. They show greater financial detail than the government-wide statements, and tell us how the Town's governmental activities and services were financed during the year as well as what remains for future spending. Capital assets and long-term debt are not reported in the fund financial statements and fund balances are reported as either reserved or unreserved. The remaining statements (i.e., Exhibit G and H) provide financial information about the Town's business-type activities. The Fish Pier account is the Town's only proprietary fund.

THE TOWN AS A WHOLE

Analysis of the Statement of Net Position and Statement of Activities

Our analysis of the Town as a whole begins with Exhibits A and B - the Statement of Net Position and Statement of Activities. Think of the Town as being divided into two kinds of activities: governmental activities and business-type activities. Governmental activities, which include basic services such as police, fire, public works, and general administration, are funded by taxes, intergovernmental funds, and miscellaneous revenues, while business-type activities are supported largely by user charges and fees to help cover the cost of repairs and maintenances and expansion. The Town's only business-type activity is the Fish Pier.

The Town's total net position (or difference between total assets and liabilities of all governmental and business-type activities) for the period ending June 30, 2014 was \$5,163,156.62. In contrast, the total net position for the prior period was \$4,959,892.02. The difference between the two periods is \$203,264.60. Similarly, the Town's Fish Pier net position for the same period ending June 30, 2014 was \$807,533.97, while the beginning assets for the same period were \$811,950.38 a decrease of \$4,416.41. In both cases, the Town's equity position (or net worth) has changed moderately from the previous year. Management will monitor for any variance in accounting to ensure continued compliance and stewardship responsibility.

The Town's total position, which includes anything that the Town owns of value, is \$5,970,690.59 compared to \$5,771,842.40 in 2013. This includes all cash, taxes receivable and liens, internal balances, and net capital assets for both governmental and business-type activities. Internal balances represent the balances owed between the governmental and business-type activities. The Town's total liabilities, which include all accounts payable, accrued expenses and interest, and long-term liabilities, are \$1,013,171.56 of which \$81,692.03 of the long-term liabilities is due within one year (Exhibits A and B).

THE TOWN'S MOST SIGNIFICANT FUND: THE GENERAL FUND

Analysis of Fund Financial Statements

Our analysis of the Town's major funds begins with Exhibit F (or the Statement of Revenues, Expenditures, and Changes in Fund Balances). The fund financial statements provide detailed information on the flow and use of financial resources: they are the Town's most significant funds, with the general fund being the most important fund. It accounts for all resources not otherwise devoted to specific activities, and it finances most of our basic local government functions, such as general administration and police. The Town uses two kinds of funds - *governmental and proprietary* - with different accounting approaches.

TOWN OF BOOTHBAY HARBOR, MAINE
Management's Discussion and Analysis, Continued

Governmental funds: The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law are accounted for in this fund. Governmental funds use the modified accrual accounting method, and are reported separately from business-type activities, which rely on fees and charges for support. Revenues are recognized when they become available and measurable. Exhibit F provides a detailed short-term view of the Town's general government operations and the basic services it provides.

The relationship (or differences) between governmental activities and how that information is reported in the Statement of Net Position and the Statement of Activities is discussed in Exhibits A & B.

Proprietary funds: Proprietary fund financial statements include a statement of net assets (or a balance sheet), a statement of revenues, expenses, and changes in net position (or fund equity) and a statement of cash flow. The balance sheet presents investments in net assets and unrestricted net position. The Fish Pier operation is reported as an enterprise fund, because it is supported largely by user fees and charges to help it cover the cost of repairs and maintenance. It runs on a fully self-supporting, independent basis, utilizing private-sector standards of accounting and financial reporting. Reporting for proprietary funds requires a cash flow statement (Exhibit H), which displays receipts and disbursements of cash. Recognition of all expenses is required for proprietary funds (Exhibit G) accounting for capital assets and their depreciation.

For the year ending 2014, governmental revenues increased by \$289,334.45 from the previous year. Governmental expenditures increased \$105,641.57 for the same period. Revenues exceeded expenditures by \$205,936.71. The fund balance of the governmental funds is \$2,303,132.74, (\$1,969,949.12 for general fund, \$332,391.57 for capital projects, and \$792.05 for the shellfish account). The undesignated fund balance of the general fund of \$1,697,673.57 is above the fund balance requirement established in May of 2004, which requires that the fund balance levels not be less than 5% of the general fund expenditures of that fiscal year.

The cost of all general fund expenditures for 2014 was \$7,247,939.71 compared to \$6,946,901.49 last year. The total amount that our taxpayers financed for these activities through property taxes was \$6,507,392.29 in comparison to \$6,121,707.84 in 2013. The tax collection rate of 98.11% was an increase over last year's rate of 97.91%. The amount of uncollected taxes for the year ending 2014 was \$3,603.11 compared to the previous year of \$1,986.35. The Town established the dates and installments that taxes were due and payable. The rate of interest was set at 7% the same as last year's rate.

Business-Type Activities

The Fish Pier revenues for the year ending 2014 were \$38,578.63 (Exhibit G), with operating expenses and depreciation of \$42,995.04 for an operational loss of \$4,416.41. In contrast, revenues for the previous year were \$46,389.34 with operating expenses and depreciation of \$47,583.55 for an operational loss of \$1,194.21. Net assets at the beginning of the year was \$811,950.38. Net assets at the end of the year was \$807,533.97.

GENERAL FUND BUDGETARY DISCUSSION

A budget is adopted for the General Fund only and not the Fish Pier, which is the Town's business-type activity. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Once adopted by the legislative body (or the Town Meeting), the level of control begins with the Town Meeting Warrant, in which expenditures may not exceed appropriations. The Town authorized the municipal officers to carry forward any unexpended account balance, provided that the account carried forward is used for the same purpose and to fund any expenditure exceeding budget from undesignated fund balance. If the undesignated fund balance of the general fund exceeds 8% for that fiscal year, the municipal officials may use the excess over 8% to reduce the tax commitment for the ensuing year. The municipal officials may also make emergency expenditures from the undesignated fund balance to meet an essential need to protect the public health, safety, or welfare. The expenditure for that essential need must be described in an agenda item that includes a precise statement of need and amount of funds required. Excluding normal professional services, contracts for purchases, supplies and capital improvements that are estimated to exceed \$5,000 in any fiscal year requires a formal written sealed bid process. The bid awards must be approved by municipal officers, who shall award to the lowest bidder, unless an award to another bidder is deemed by the municipal officers to be in the best interest of the town.

For the year ending 2014, revenues exceeded expenses by \$179,329.01 (Schedule A-1) and fell short from budgeted revenues by \$6,497.61. The accounts exceeding their budgets are listed in Note G.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The Finance Officer maintains a schedule of assets for GASB Statement No. 34. New property, buildings, or improvements other than furniture and equipment are maintained on this capital asset report. The Town uses the depreciation schedule as defined by GASB Statement No. 34 for its reporting.

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. As of June 30, 2014 the Town had \$6,564,224.98 in governmental capital assets.

Debt

The Town's long-term liability for the year ended June 30, 2014 was \$632,276.42 in governmental activities and \$129,436.66 in business-type activities. Long-term debt in governmental activities included notes on the Fire Truck, and a Refinance Note (Note H). The total notes payable for both governmental and business-type activities were \$832,273.62 of which \$81,692.03 was due within one year.

The Town has lease agreements for a copier, vehicles, and an excavator. These leases are considered capital leases for accounting purposes. They have been recorded at the present value of the future minimum lease payments as of the date of inception. The present value of these lease payments is \$11,031.49. Payments on these leases must be made through 2015. The interest on these leases is \$595.94. The leases are reported in the government-wide financial statements.

The State limits the amount of general obligation debt that towns can issue to 3% of the assessed value of all taxable property. The Town's outstanding general obligation debt is significantly below this \$17.8 million state imposed limit.

TOWN OF BOOTHBAY HARBOR, MAINE
Management's Discussion and Analysis, Continued

Other obligations include \$46,768.64 of accrued compensated absences (i.e. unused vacation pay and sick leave) reported on Exhibit A.

CONCLUSION TO MD&A REPORT

As recommended last year by the Town's auditing firm, William H. Brewer C.P.A., we continue to upgrade and make capital improvements to our infrastructure and facilities. We have money in reserve accounts for updating our comprehensive plan and have positioned ourselves for a long overdue property revaluation analysis. The funds awarded to us through an Energy Efficiency Grant have been paying dividends for the Town and our heating costs are lower. We worked in conjunction with the Water District and Sewer District in completing the major utility upgrades underground Commercial Street. We completed paving projects on Beach Road, Birch Road and Crest Avenue and paved sidewalks on Todd and Townsend Avenue. We continue to plan on improvements to the town owned Fish Pier property. Thank you to the Budget Committee and Board of Selectmen for their continuing efforts in reviewing and presenting a well thought out and practical budget at our annual town meeting again this year. They have contributed in keeping our tax rate stable or down over the last few years.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Julia Latter, Finance Officer, at The Town of Boothbay Harbor, 11 Howard Street, Boothbay Harbor, Maine 04538.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Boothbay Harbor conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Boothbay Harbor was incorporated in 1764. The Town operates under a town meeting form of government. Major services provided by the Town are public safety, public works, administrative services, and code enforcement.

In evaluating the Town of Boothbay Harbor as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Boothbay Harbor's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain significant changes in the Statement include the following:

1. Financial statements now include:
 - A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
 - Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).
2. A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's public safety, recreation, public works, and general administrative services are classified as governmental activities.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

2. Basic Financial Statements - Government-Wide Statements (Cont'd)

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in four parts - net-invested in capital assets, committed for capital projects; assigned for other purposes; and unassigned net position. The Town first utilizes committed resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (public safety, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues, and operating and capital grants. Program revenues must be directly associated with the function (public safety, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

2. Capital Projects Funds:

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

3. Basic Financial Statements - Fund Financial Statements (Cont'd)

a. Governmental Funds (cont'd):

3. Proprietary Funds:

The Proprietary Fund is the fund used to account for all financial resources relating to the Fish Pier. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agent. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts (Cont'd)

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$5,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	40 Years
Equipment	5-10 Years
Improvements	20 Years
Vehicles	5-15 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

e. Compensated Absences:

The Town accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The non-current portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentations.

f. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts (Cont'd)

g. Fund Balance:

In accordance with GASB Statement No. 54, the Town employed new terminology and classifications for fund balance items during the fiscal year ending June 30, 2011.

Committed fund balances are amounts that can be used only for specific purposes because of a formal action taken by town government. The fund balances in the Capital Projects Fund are in this category.

Assigned fund balances are amounts that the Town intends to use for specific purposes. The Board of Selectmen approved carryovers are included in assigned fund balances.

Unassigned fund balances are all amounts in the General Fund that are not assigned to another category. Only the General Fund can have an unassigned fund balance.

NOTE B - CASH AND CASH EQUIVALENTS:

At year-end the carrying amount of the Town's deposits (checking, certificates of deposit, and savings accounts) was \$2,330,682.16 and the bank balance was \$2,355,596.87. Of the bank balance, \$250,000.00 was covered by federal depository insurance, and \$2,105,596.87 was collateralized. There were no uninsured bank balances.

NOTE C - GENERAL FUND BUDGET:

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in May, the townspeople vote on various articles, on which amounts for appropriations have been recommended by the Board of Selectmen, Town Manager, or Budget Committee.

NOTE D - REVENUE RECOGNITION - PROPERTY TAXES:

The Town's property tax for the current year was levied August 19, 2013 on the assessed value listed as of April 1, 2013 for all real and personal property located in the Town. One half of the total tax was due September 12, 2013 with the balance due March 13, 2014. Interest of 7.0% was charged on delinquent taxes on the unpaid portion of one-half of the tax bill not paid on or before September 13, 2013, and on the entire portion not paid on or before March 14, 2014.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within 60 days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE D - REVENUE RECOGNITION - PROPERTY TAXES (CONT'D):

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after the year end as stated above. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

NOTE E - PENSION PLAN - DEFINED BENEFITS:

The Town of Boothbay Harbor offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all Town employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until their termination, retirement, death, or unforeseeable emergency.

TOWN OF BOOTHBAY HARBOR
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE K - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - OVERLAPPING DEBT:

The Town of Boothbay Harbor is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Boothbay Harbor would be proportionally responsible in the event the County defaulted amounted to \$7,780,000.00 at December 31, 2013. The Town of Boothbay Harbor's share would be approximately 11.00% of the debt, or approximately \$855,800.00.

The Town of Boothbay Harbor participates in the Boothbay-Boothbay Harbor CSD and is therefore subject to annual assessment of its proportional share of school expenses. Long-term debt outstanding in Boothbay-Boothbay Harbor CSD for which the Town of Boothbay Harbor would be proportionally responsible in the event the school defaulted amounted to \$1,070,647.80 at June 30, 2014. The Town of Boothbay Harbor's share would be 40.00% of the debt, or approximately \$428,259.00.

NOTE M - INTEREST COSTS INCURRED:

During the current year the Town incurred interest costs totaling \$43,662.64, which was charged as an expense to public safety for \$3,454.22, public works for \$32,742.62 and fish pier for \$7,465.80.

NOTE N - MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM:

Description of the Plan - The Town contributes to the Maine Public Employees Retirement System Consolidated Plan, a cost sharing multiple-employer retirement system established by the Maine State Legislature. The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State Legislature. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained by writing to Maine Public Employees Retirement System, 46 State House Station, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy - Plan members are required to contribute 7.0% of their annual covered salary and the Town is required to contribute an actuarially determined rate. The current rate is 7.9% of annual covered payroll. The contribution rates of the plan members and the Town are established and may be amended by the Maine State Retirement System Board of Trustees. The Town's contributions to the Maine Public Employees Retirement System Consolidated Plan for the year ended June 30, 2014 was \$35,139.67.

Throughout 2014 Boothbay Harbor welcomed many new businesses, with over a dozen small businesses opening in the downtown area alone. These new businesses ranged from jewelry, to art, to clothing, and food. It is clear that there is a renewed commitment by business owners to invest in our town and create a stronger and more vibrant economy. Along with this increased commercial growth came relatively explosive residential construction activity, particularly when compared with recent years. With dozens of new homes and apartments being built, rebuilt, and upgraded, it would appear that Boothbay Harbor's prosperity is on the minds of property owners as well. All those interested in starting their business in Boothbay Harbor, expanding their existing business, or focusing on their homes and potential projects, please contact me. We can discuss the possibilities that are available to you, and make the process as enjoyable as it should be.

Code Enforcement Officer Geoff Smith

This year growth was also evident in the number of proposals brought before the Planning Board. Whether they were reviewing one of the many new businesses that opened, or meeting with a homeowner looking to expand their waterfront home, the Board has been very busy throughout 2014. The Board's primary role is to review potential projects under Site Plan Review, a process by which an applicant explains their intentions to the Board, as well as any interested parties. The Board then compares the proposal with the Land Use Code, and helps the applicant achieve compliance while realizing their goals. This can be fun, exciting and challenging, as many aspects of these projects are better clarified during discussions with the Board. The public is not only welcome, but encouraged, to attend the Planning Board's monthly meetings, even if only to meet the group of dedicated Board members who volunteer their time to help our community.

Finally, I would like to extend an invitation to those interested in serving on one of our municipal boards; there are openings on the Planning Board and the Board of Appeals. If anyone is interested in discussing what this commitment involves, please contact me, and we can arrange a time to meet.

Respectfully Submitted,

Geoff Smith
Code Enforcement Officer

Boothbay Harbor Memorial Library

In last year's annual report I wrote: "Change continued to be the watchword at the Boothbay Harbor Memorial Library..." This has not abated, and if at all, has increased in scope.

In July, after completion of Phase 1 of our two phase project, we relocated from our temporary Library location at the Meadow Mall back to our beautifully renovated and expanded building in the heart of the harbor. With the help of staff and a dedicated contingent of volunteers we completed the move, installed all our materials on shelves, and set up our offices all in time for our grand opening on July 28th. Our thanks go out to all those who contributed their time and energy which allowed us to open on time as scheduled.

New building ribbon cutting

In addition to a renovated building, the staff has undergone a renovation of its own. Sharon Babbitt, our former Circulation Librarian, left for a position closer to her home, and long-time Program Director, Barb House, decided it was time to retire and pursue other goals. We miss them both, but were very fortunate to welcome Boothbay residents Lisa Arsenault as our new head of Circulation and Interlibrary Loan, and Caroline Roberts as our Program Director.

Our Board of Library Trustees has seen significant transition as well. Because of changing personal commitments both Don McElhinney and Robert "Mark" Scott left the Board and we welcomed Jo Haney (Secretary), Duane Dunbar (Treasurer), and Laura Perkins. Our newest member is Boothbay Register Editor-at-Large, Joe Gelarden. It has been through the Board's dedicated leadership that the Library was able to embark on its critical improvement plans for the Library. And we are not done yet. Phase 2 planning is under way, with more significant and much needed improvements coming.

With an improved building come improved services. Our new building has made possible increased youth programming, such as a newly formed Chess Club and more story times for our youngest, to increased programming for adults. Outside organizations such as the Boothbay Region Health and Wellness Foundation have begun collaborating with the Library to offer health education programs. We have partnered with the Maine organization Cornerstones of Science to receive frequent "science trunks" filled with subject specific science and technology materials for programming and display. Also, through this partnership we purchased a high resolution Orion Starblast telescope, which our library card holders can borrow for a week at a time.

Statistics are up over all previous years for the six months we have been at the renovated Library. Over these six months we had 13,679 visitors (+73% over 2013), 4733 interlibrary loan requests (+8%), and 17,631 items borrowed (+9%). We are seeing as well a dramatic increase in the borrowing of our free eBooks and audiobooks, with 1208 items downloaded up over 26% from 2013. We expect this trend to continue, especially as our Phase 2 plans are realized. So it's clear to see, we have given proof to the maxim: "If you build it they will come!"

A sincere thank you is due to everyone who made this long hoped for dream of a beautiful and functional Library a reality.

Boothbay Region Historical Society

During 2014, our 47th year, we enjoyed the support of both Boothbay and Boothbay Harbor voters. The funds voted by townspeople helped us to fulfill our purpose of preserving and increasing knowledge about our region's past.

We held regular year-round hours at the museum in Boothbay Harbor on Thursdays through Saturdays, 10 a.m. to 2 p.m. Over 1,200 people came to the museum, about two-thirds of them to buy books and photos or in search of specific information about families, houses, businesses, vessels, and other historical matters. The balance browsed through the six rooms of local artifacts. We sent out two newsletters and our quarterly e-updates. We had six speakers and held one open house event. We increased our fundraising efforts this year by having two bake sales and a yard sale in addition to our fall sweet treats and cheese sale. We had one raffle and one ticketed event.

We provided news items and articles on local history to the townspeople and others through the *Boothbay Register*. We are an active research facility, assisting people locally in their search for information on family, houses, vessels and places. We also carry on correspondence with people all over the country who have an interest in Boothbay region history, and when asked we help the town offices with research.

We have many active volunteers who donated more than 2,100 hours of work this year. Some projects done by volunteers were: preparing exhibits, organizing public events, entering information on computers, checking the order of photos and documents, manning the building, making repairs, helping with mailings and organizing, and listing new document collections and artifacts.

The sources of our income this year were: donations by individuals and the towns; bequests and three small grants; membership dues; and sales of books, maps, papers, and photographs as well as ticket sales from a raffle and an event.

Our holdings of artifacts, collections, and documents increased by 1 linear foot of documents, 20 books, approximately 150 photographs or images, and more than 60 artifacts.

We thank the townspeople for their willingness to contribute to the preservation of local history – we appreciate the support.

Boothbay Harbor Region Chamber of Commerce

The Boothbay Harbor Region Chamber of Commerce was established in 1962 to promote the economic, civic and social welfare of the people of the Boothbay Harbor Region. Its mission is to promote a positive business climate by focusing on advocacy, access and leadership.

The BBHRCC is currently served by the Board of Directors: Lorna Weber, President; Dorothy E. Freeman, Vice President, Alan Baldwin, Secretary and Sue Wood, Treasurer; Michael Maxim, Win Mitchell, Sarah Morley, Ben Teel, Jessica Tindal, and Peter Robison. In the fall of 2014 the Board of Directors hired Tony Cameron as the Executive Director. Cherie Scott serves as the Events and Member Services Manager; Brooke Hubner serves as Administrative Coordinator and Michelle Davis serves as Visitor & Member Relationship Coordinator.

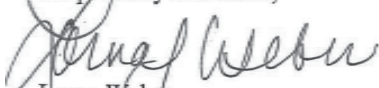

The BBHRCC continues to be the leading origination in promoting tourism and providing visitor services for the region and the Town of Boothbay Harbor. The Chamber distributed 100,000 Region Guides and 45,250 Downtown & Region Walking Maps to over 11 AAA offices (CT, KY, ME, MA, NH, NJ, NY, OH, PA, RI and VT); the AAA Boston Travel Show; Chambers statewide; local Chamber members, the Maine Tourism Association, Maine Turnpike, visitor centers; train stations; airports and several other public locations statewide and beyond. The Chamber also organized a co-op display at the Portland International Jetport and print co-ops in Yankee, DownEast, and Maine Magazines. The Boothbay Harbor Region had one of the largest co-op sections in the official state travel planner "Maine Invites You". The Chamber maintains an active competitive website and stays current with social media trends to ensure the Chamber is promoting and representing Boothbay Harbor in a comprehensive and competitive manner.

There are 375 businesses and organizations that currently make up the membership of the Chamber. As a regional chamber the Chamber serves the communities of Boothbay, Boothbay Harbor, East Boothbay, Edgecomb, Monhegan, Newcastle, Southport, Westport, Woolwich and Wiscasset. A majority of the membership is related to the tourism industry; however the Chamber works hard to provide value and benefits for all industries. A new weekly email called "Chamber Connections" keeps members informed with news and information about the Chamber, our community, and business and industry. The Chamber continues to organize Business After-Hours, the Harbor Lights Festival, and the Claw Down which brings people from all over the country to the Boothbay Harbor region. In addition to the Chamber organized events the Chamber actively supports and promotes other community events such as Windjammer Days, Harbor Fest, and the Fishermen's Festival. The Chamber is active in local and state government creating awareness of important issues and acting as a voice of the business community when needed.

The Chamber operates a year round welcome center and administrative office at 192 Townsend Ave and a seasonal information office on Commercial St. that services over 15,000 visitors, locals, and businesses looking for information. The Chamber strives to provide outstanding customer and visitor service to all that use the Chamber as a resource.

Thank you to all the businesses, organizations, individuals, and town officials who support the Boothbay Harbor Region Chamber of Commerce.

Boothbay Region Refuse Disposal District

We had a very busy 2014 at the Transfer Station. We saw near record prices for metals at the beginning of the year, but they quickly retreated in the second half of 2014. MSW (trash) continues to increase in cost for disposal with no end in sight. The facility that accepts our trash is not sure they will still operate after 2018. Towns in Maine are working toward a new option with much newer technology. We are a member of the Municipal Review Committee (MRC) which represents the Maine communities using the PERC facility. They have been exploring many options on our behalf to keep trash disposal costs under control, seeking to recycle more of the waste through a fuel technology. You can visit their website at www.mrcmaine.org to find the latest news regarding this new facility.

As always, we will always look for better ways to serve you. We have a facility that is a model to many other towns. Public participation is essential for our continued success. The Board of Directors meets monthly on the second Thursday of the month at 5:00 p.m. at the Transfer Station. The public is always welcome.

Winter Hours (Columbus Day to Memorial Day): Monday - Saturday 8:00 a.m. to 4:00 p.m.

Boothbay Region Ambulance Service

Greetings to the Residents of Boothbay Harbor:

On behalf of the Board of Directors it is my pleasure to submit our report of activities for 2014. This year marks the first full year of responding to emergencies without St. Andrew's Hospital. The well-trained staff at B.R.A.S. has met this challenge with skill and ability in an effort to provide you with the best possible care.

This year we restructured our Board of Directors to include a community-appointed member from each town. Russell Hoffman is the representative for Boothbay Harbor. His presence and input is very helpful to improve your ambulance service as we continue to meet the needs of the towns we serve.

In March of 2014, we began our participation in a joint pilot license with two other ambulance services to provide community paramedicine. The program fills the gap between in-patient hospital care and home health. We collaborate with the District Nurse, home health and physician's offices to provide a variety of services with the goal of improving community health and closely monitoring the health of a patient. Community paramedicine, through frequent home visits, intends to improve patient outcome and reduce the need for hospital admission through early intervention. If you or someone you know might benefit from community paramedicine visits, please contact the station at 633-7711.

Response report:	
Calls to Boothbay Harbor	639
Community Paramedicine (9 months)	84
Total Emergencies	862
Total Calls	1,418

One of our more exciting projects planned for 2015 is obtaining a Heartsafe Community designation. Through the generosity of the Schacknow Family Foundation we anticipate placing seventeen automatic external defibrillators throughout the three communities and increasing our presence in the community by providing CPR education opportunities.

Boothbay Harbor Sewer District

As another year comes to a close for the District, I am pleased to report that the Boothbay Harbor Sewer District remains financially sound and continues to strive to improve services to our customers.

This year saw Henry “Ted” Tedeschi re-elected to the Board of Trustees for a three-year term. Ted now serves as the District Treasurer. Richard Gaeth joined the District ranks as the Plant Operator. Rick holds a Grade 4 Operators License issued by the Maine Department of Environmental Protection. Rick’s background and expertise will be an asset for the District. This year marks the 25th year milestone of service with the District for Sharon Grant, office staff. Next time you stop in, please take a moment to thank Sharon for her service.

The District continues to pursue improvements in the sewerage system. The next several years will be busy. Modest rate increases will be necessary in order to upgrade and maintain the system. These upgrades include continuation of pipe re-lining, replacement of the Union Street pump station and force main, inflow and infiltration reduction, manhole rehabilitation, and treatment plant systems upgrades. This year’s major improvements to your system included the following:

- Construction of two new replacement control panels at Pump Station 9 and 10
- Upgrades of the SCADA computer systems
- Upgrades of the office computer system and the networking of all electronic devices
- Relining of 7,700 feet of 8-inch sewer lines and grouting of service connections within the Project area. This area included Commercial Street, Eames Road, Commercial Street Extension, Lobster Cove Road (Crest to Atlantic Avenue), Bay Street, Park Street (Union to Kenny Field), and Kenny Field Drive (Park Street to Atlantic Avenue)

The District has also begun developing plans for a new web page that will be very user friendly. It's expected that the new web design will be rolled out in mid-2015. The financial audit report shows a strong financial picture with credit going to the careful management of spending along with consistent and fair implementation of the District's bill collection procedures.

The District Trustees continue to lead the District through their work ethic, strong leadership style, and “do more with less” philosophy. I am proud to lead a strong team of employees that take pride in their work. Without this dedicated team, the District cannot be a successful public wastewater system. I am grateful to be able to be working with them.

I would like to thank the ratepayers for their continued support of the District. I often have people commenting on the District as a well-run organization. I pledge to continue to work on behalf of all the District customers and I welcome your constructive criticism in order to improve the efficiency of the District operations, keep our environment healthy, and enjoy and maintain our quality of life here in the Boothbay Region.

Boothbay Harbor Public Works

Once again the public works department was busy on several one-time projects as well as our typical drainage and paving improvements.

This year saw the completion of the new cold storage building, as the old building was in disrepair and torn down in early spring. Much preparation was done in advance of the three day Bike Maine event, as well as considerable assistance during the entire event.

A mid-summer drainage job was completed in town with help from the Maine State Department of Transportation and Reny Construction. The project was completed in a timely fashion with challenging working conditions. We also took possession of a new, town approved 2015 3500 HD Chevrolet, which was added to the fleet in early fall. A large portion of Eastern Avenue and all of Highland Park Road was shimmed and overlaid in the fall.

After the Thanksgiving snow storm we had an easy December snow wise, which continued after the first of the year until late January. After which we received many heavy storms back to back, making for an unusually difficult winter that included working many nights and long hours of plowing and snow removal.

In closing, I would like to thank the Town Manager, Board of Selectmen and citizens of Boothbay Harbor for their continued support, as well as my dedicated crew.

2014 was a year that presented us with many new challenges (and some old) as the law enforcement profession consistently does.

Scams, con artists, and online thievery are an issue we continually need to address. Officers took on several larger cases this year. One particular case involved digital forensics, hundreds of pages of reports and many hours of officer follow-up. The result was an arrest and conviction of the perpetrator and closure for many victims. We continue our educational outreach to the public on these topics, recognition of a scam prior to becoming a victim is the best defense.

Our burglaries have seen an immense drop (75%) in numbers thankfully after several years of investigation and some high profile arrests in prior years. Complaints of theft remained steady at 26. Domestic cases (assault, threatening, Protection Order Violations and other issues) were higher than normal at 18. Officers utilized the services of New Hope for Women regularly to help victims. Boothbay Harbor PD was recognized among other departments in Maine at the Blaine House in Augusta for our work on the domestic violence front.

Officers dealt with high numbers of suicidal subjects and people with mental illness with 23 cases of assistance (bringing the subject to a hospital for help) reported.

Operating Under the Influence continues to be an issue in our area with the increased population during summer months and the large number of alcohol serving establishments. There were 36 OUI arrests in 2014; in addition, 128 traffic tickets were issued with many officers assigned to areas where complaints were prevalent.

Our work with local elder community groups including TRIAD continued in 2014 with excellent ideas from the citizenry to address issues of concern.

Officer Larry Brown spearheaded an effort to obtain "Taylor Tags", these stickers can be displayed voluntarily on vehicles driven by licensed intermediate drivers. This program was funded thanks to the generosity of the Boothbay Region Lions Club.

Several grants were obtained this past year. We were able to purchase a "Thermal Imaging Unit" through a generous grant from the Schacknow Foundation. This unit enables officers to observe "heat" and will aid in several areas including; search and rescue, evidentiary searches and building searches. We also obtained two new "in car" cruiser video cameras through a grant valued at approximately \$9,000, in addition to approximately \$10,000 in overtime funding for traffic related issues. My thanks to our excellent community for their continued support.

Boothbay Region Water District

2014 was another successful year for the Boothbay Region Water District. We began the *Southport Interconnection and tank Replacement Project*, funded through a \$1.2M grant and \$2.2M low interest loan from the United States Department of Agriculture. This project compliments the fire protection needs for Boothbay Harbor and a large section of Boothbay, providing a new 500,000 gallon reservoir to be built on Southport Island. Additionally the district completed:

- Mt Pisgah Standpipe exterior recoating Project;
- A 1,400 ft. Highland Park to Sophia Way Water main Looping Project;
- Upgraded over 500 water meters in the system;
- Completed a long awaited SCADA Upgrade;
- Installed 4,000 feet of new seasonal water main, adding over 30 new customers; and
- Continued work on the districts mapping systems.

In May the district bid farewell to Mark Carter, 9-year veteran trustee representing the town of Boothbay. The trustees and employees of the Boothbay Region Water District wish the very best to Mark, and thank him for his many years of service.

In March, the voters of Southport re-elected Smith Climo trustee. In May the town of Boothbay Harbor re-elected Walter “Wally” Reed III, while the town of Boothbay named newcomer Chris Higgins as Carter’s successor. As of the first meeting of the 2014/2015 board, Trustee Pinkham (Boothbay Harbor) was elected Chairman, Trustee Gamage (Southport) was elected to serve as Vice-Chairman, Jon Lewis (Boothbay) was named Treasurer and Trustee Walter “Wally” Reed III accepted the position of Clerk. Joining the officers on the board were Trustee Ken Marston (At-Large), Smith Climo and Chris Higgins.

Looking ahead to 2015, district objectives include:

- Complete the GIS Project;
- Campbell Street & High Street Looping Project;
- Complete the \$3.4M Southport Interconnection and Tank Replacement Project;
- Bid the Plummer Road to Nickerson Road Looping Project (Southport) to be completed in 2016 with two option projects which include the Logan Road Water Main Replacement Project (Boothbay Harbor) and Rice Road Water Main Replacement Project (East Boothbay) ;
- East Boothbay Water Meter Replacement project; and a continued emphasis on leak detection, equipment maintenance and unequaled performance (i.e. value to ratepayers).

The Boothbay Region Water District Board of Trustees meet the 2nd & 4th Tuesday of every month at 6:00 p.m. during daylight savings time and 7:00 p.m. during standard time at the district administrative office located at 184 Adams Pond Road, Boothbay Maine. The trustees value the public’s opinion and encourage the public to attend. For further information concerning projects, minutes and other pertinent information concerning the operation of the district, the public is invited to access the district’s web page at www.bbrwd.org.

Boothbay Harbor Fire Department

The 2014 fiscal year saw average call volume but the Fire Department dealt with many challenging situations. One of the largest issues the department had to deal with was the loss of power and downed power lines during several storms. During these storms several lines came down taking out power to most of, if not all of the town at times. During these outages we work to close off roads and reroute traffic as best we can. A big thing residents need to remember is that we shut these roads down for your safety. Even though power lines might be detached from one end of a pole does not mean the line is deactivated. Many times the lines look dead but still have a charge traveling through them. Many times after we barricade a road people will go and push barricades to the side and drive over the lines, or even go as far as removing trees from the wires so they can pass through. This is a safety issue for us and you. Even when inside your vehicle if you were to cross live wires you can still get electrocuted from the voltage traveling through the lines. When these roads get opened by patrons we have to send out firefighters to reset the barricades, requiring them to put themselves in danger from the wires and falling debris. These wires, if live, can electrocute a person from up to 10 feet away. Please use caution when you see closed roads and look for another way to reach your destination.

During some of these power outages residents need to take into consideration they may be stuck without power for a while and to have an alternate plan or location preplanned to go in the event the power does not return for an extended period of time. We work closely with CMP to try and get your power restored as quickly as possible, but given certain storm events it may take more time than we would like.

We had several small fires during the year, with one major fire to a residence where the home was a total loss. All the members have been working well with mutual aid departments and have been training together throughout the year in order to make major calls run as smoothly as possible.

The calls for service go as follows:

75 fire alarms, 23 motor vehicle accidents, 12 carbon monoxide alarms, 4 smoke investigations, 3 structure fires, 5 mutual aid assists, 23 down power line calls, 5 flooded basements, and 1 boat fire.

Boothbay Harbor Harbor Master

Activity on the water the summer of 2014 was steady. We saw many familiar faces return to the harbor and several new faces making Boothbay Harbor one of their calls of port for the summer.

The weather did not want to cooperate with us during our Windjammers and Fourth of July celebrations so we had to postpone the fireworks into the late summer months. This was hopefully a one-time thing and we are planning to continue having the fireworks during those events in the future.

One of the major issues on the water has been the fishing vessel Westward. It has been a fixture in our harbor for the last three years, breaking off from its mooring for the past two. During the second event the vessel was blown onto the shore near the Boothbay Harbor Shipyard. With quick thinking from the shipyard and Fuller Marine Services they were able to pull the boat off the rocks and return it to its mooring with no hull damage. A job well done by the salvage crews! Currently we are working with the owner of the Westward to hopefully have it removed from the harbor before summer boating starts.

The pump out program is still in full swing in the harbor and we have been seeing an increased number of visitors use the service. This free service has been available to boaters who come to the harbor and locals alike. With help from a state grant used to offset the cost, we hope to continue offering this service free to boaters for summers to come.

An issue which needs to be addressed by our mooring owners is the condition of floats, derelict floats and inspections of mooring hardware. There are several floats in the harbor which need attention or be removed from the water. On average we have between 10 and 15 mooring chains break during the year, some with boats still attached to them. In order to continue to have these mooring privileges, owners need to have their hardware checked every two years. All floats that are in disrepair need to either be fixed or removed from the water as they are a hazard to navigation. Failure to attend to these issues could result in loss of mooring privileges.

During the time between May and October the calls for service went as follows: 5 boats on the rocks, 3 search and rescue operations, 7 overturned kayaks, 7 boats taking on water, 2 sunk boats, 1 boat fire, 5 boat accidents, 12 boat tows, and 5 assists to the Coast Guard.

Remember when you prepare to put your boat in this spring make sure you have all required safety equipment and your boat is in good working order. Enjoy the coming summer months and I look forward to seeing you on the water.

Boothbay Harbor 2015 Town Warrant

To Robert Hasch, Constable of the Town of Boothbay Harbor, in the County of Lincoln, State of Maine,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Boothbay Harbor in said county and state, qualified by law to vote in town affairs, to meet at the Boothbay Harbor Municipal Building in said Town on Friday, the 1st day of May, 2015, then and there to act upon Articles 1 through 4. The polls for voting on Articles 1 through 4 shall open at 8:00 AM and will close at 6:00 PM. The remaining business to be transacted under the TOWN WARRANT will be taken up on Saturday, the 2nd day of May, 2015, at 9:00 AM in the Boothbay Region Elementary School Gymnasium.

Article 1 To choose a moderator to preside at said meeting.

Article 2 To choose by secret ballot, the following public officials for a two-year term:

- 1 Selectman and Overseer of the Poor

Article 3 To choose by secret ballot, the following public officials for a three-year term:

- 1 Selectman and Overseer of the Poor
- 1 School Committee Member of the Boothbay-Boothbay Harbor CSD
- 1 Trustee of the Boothbay-Boothbay Harbor CSD
- 1 Trustee of the Boothbay Harbor Sewer District
- 1 Trustee of the Boothbay Region Water District, at large
- 1 Trustee of the Boothbay-Boothbay Harbor Cemetery District

Article 4 To vote by secret ballot:

To see if the town shall “adopt, ratify and confirm” the agreement legally mandated by legislation that was entered into October 25th, 2013 between the Town of Boothbay Harbor and Bayville Village Corporation, that defines and clarifies the physical boundaries of Bayville Village.

YES _____ NO _____

Article 5 To see if the town shall accept the alewife fishing rights pursuant to DMR rules on West Harbor Pond for the year 2016 and that said pond shall remain closed for conservation.

Article 6 To see if the town will vote to authorize the tax collector or treasurer to accept prepayments of taxes not yet committed pursuant to 36 M.R.S.A. Section 506.

Article 7 To see if the town will vote to establish a date when taxes are due and payable, and to fix a rate of interest on delinquent taxes.

Selectmen’s Recommendation: Taxes are due upon receipt of tax bills, with an interest rate of seven percent (7 %) per year to start on September 10, 2015 for the first installment and March 11, 2016 for the second installment.

Article 8 To see if the town will vote to set the interest rate to be paid by the Town on abated taxes pursuant to 36 M.R.S.A. Section 505(4-A).

Selectmen's Recommendation: 7 %

Article 9 To see if the town will vote to appropriate the overlay to pay tax abatements and applicable interest granted during the fiscal year.

Article 10 To see if the town will vote to authorize the municipal officers, on behalf of the town, to sell and convey any real estate acquired by the town for non-payment of taxes, under such terms and conditions as they deem advisable, and to execute a quitclaim deed for such property.

Article 11 To see if the town will vote to authorize the municipal officers to make final determinations regarding the closing or opening of roads to winter maintenance pursuant to 23 M.R.S.A. Section 2953.

Article 12 To see if the town will vote to authorize the municipal officers to dispose of any town owned personal property under such terms and conditions they deem advisable.

Article 13 To see if the town will vote to authorize the municipal officers to carry forward any unexpended account balance they deem advisable, provided that the account carried forward is used for the same purpose, and to fund any expenditure exceeding budget from the undesignated fund balance.

Article 14 To see if the town will vote to authorize the municipal officers to accept any state funds received by the Town and to appropriate any funds received for a particular purpose to that purpose. Funds received but not dedicated to a particular purpose are appropriated for such uses, terms and conditions as the municipal officers deem advisable.

Article 15 To see if the town will vote to authorize the municipal officers to apply for, accept and administer any state, federal, or private grant they deem advisable.

Article 16 To see if the town will vote to authorize the municipal officers, on behalf of the Town, to accept gifts and donations, and to appropriate those gifts and donations to the purposes for which they were received, under such terms and conditions they deem advisable.

Article 17 To see if the town vote to adopt the 2014-2015 Comprehensive Plan? **(A locally adopted comprehensive plan that is consistent with state guidelines is legally required to substantiate the zoning ordinance and qualify the community for preference for various state grant programs. A copy of the proposed plan is on file with the Town Clerk and posted on the town website.)**

Article 18 To see if the town will vote to authorize the municipal officers to carryover previously approved funding into the next budget cycle (if necessary) and put in a reserve account to facilitate the town's commitment to the Route 27 Sidewalk Project? **(The amount previously approved and raised is \$25,065.)**

Selectmen recommend passage of this article.

Article 19 To see if the town will vote to authorize the municipal officers to carryover previously approved funding into the next budget cycle (if necessary) and put in a reserve account to complete the renovation of town owned property adjacent to the Boothbay Region High School parking lot. **(The amount previously approved and raised is \$15,000.)**

2015 Code Changes

Article 25 To see if the voters of Boothbay Harbor vote to amend the current Administration of Government ordinance, Chapter 2, Town Officials 2.6 A by amending the following sentence "Except as provided below, the Town Manager shall be responsible for the hiring and firing of all municipal personnel, subject to the Board's approval" with the following, "Except as provided below and in paragraph B, the Town Manager shall be responsible for the hiring and firing of all municipal employees. Department heads shall be appointed by the Town Manager, subject to approval and confirmation by the Board of Selectmen. The Town Manager has the authority to recommend to the Board the removal of any Department Head for cause, after notice and hearing?" **(This distinguishes between Town Manager appointments and BOS appointments and that Department Head removals are recommended by the Town Manager to the BOS for cause, after notice and a hearing.)**

- Article 26 To see if the voters of Boothbay Harbor vote to amend the current Administration of Government ordinance, Chapter 2, Town Officials 2.6 B by amending the following sentence, “The Board of Selectmen shall appoint for one-year terms all municipal officials required by general law, including Deputy Tax Collector, Deputy Treasurer, Assessor, Town Clerk, Deputy Town Clerk, Registrar of Voters, Chief of Police, Police Officers, Harbor Master, Deputy Harbor Master, Fire Chief, Code Enforcement Officer, Building Inspector, Health Officer, Plumbing Inspector, Animal Control Officer, Director of Emergency Management, Deputy Director of Emergency Management and Shellfish Conservation Warden” with the following, “The Board of Selectmen shall appoint for one-year terms all municipal officials required by general law, including, Finance Officer, Town Clerk, Registrar of Voters, Public Works Director, Chief of Police, Harbor Master, Fire Chief, Code Enforcement Officer and Director of Emergency Management?” **(This identifies Board of Selectmen appointments. All others are town manager municipal appointments.)**
- Article 27 To see if the voters of Boothbay Harbor vote to repeal the existing Floodplain Management Ordinance Chapter 170, Article VII and enact an updated 2015 Floodplain Management Ordinance, as drafted by the State of Maine, in accordance with MRSA Title 30-A, 4352? **(The adoption of this model ordinance adopts the Flood Insurance Rate Maps by reference, and allows the continued participation of the town in the National Flood Insurance Program. Failure to adopt could mean suspension from the NFIP, preventing flood insurance policies from being issued.)**
- Article 28 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Parking Area, by inserting the words “is considered an accessory use or structure,” and “be associated with,” and eliminating the word “have.” **(This will classify parking areas as accessory uses to principal structures, and require a principal structure for all parking areas.)**
- Article 29 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Accessory Use or Structure, by inserting the words “customarily” and “and located on the same lot.” **(This will require that the accessory use be on the same property as the principal use, and shall be commonly thought of as incidental or subordinate to the principal use.)**
- Article 30 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Principal Structure, by inserting the words, “is conducted or which is intended to be conducted as the main or primary use of the lot on which it is located, and identified as an allowed use under the Land Use Table,” and “A garage, or a storage building such as a shed or barn, may not be considered a principle structure for the purposes of establishing a parking area or parking lot,” and eliminating the words “the primary use of the lot is conducted.” **(This will define the principal structure as one being related to a principal use that is established in the Land Use Table, and will also prohibit a shed or garage from being a principal structure for the purposes of creating a parking area or parking lot.)**
- Article 31 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Principal Use, by inserting the words, “The primary use to which the premises, i.e., the land, buildings, and other structures on a single lot of land, are devoted and the main purpose for which the premises exist and which is identified as an allowed use under the Land Use Table,” and eliminating the words, “A use other than one which is wholly incidental or accessory to another use on the same premises; the use of a structure or lot using the larger area of the structure or lot?” **(This will define a principal use as one which is an identified and allowed use in the Land Use Table.)**
- Article 32 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Definitions, by adding the following definition of Parking lot; “Parking Lot. As used in Chapter 170, the term “parking lot” shall include parking area or parking facility?” **(This is a definition clarification.)**

- Article 33 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article XI, Definitions, by adding the following definition of Garage; “Garage. A structure to which there is legal vehicular access from a public or private right of way, designed for the storage of motor vehicles, boats or other personal property of the property owners?” **(This is a definition clarification.)**
- Article 34 To see if the voters of Boothbay Harbor vote to amend Chapter 170, Article V, Site §170-69, Site Plan Review Standard. (C), by inserting the words, “Shall comply with,” and “and the applicable performance standards of Article IV,” and by eliminating the word “See.” **(This will ensure that the applicable performance standards related to parking, as well as the parking standards found in §170-50, are reviewed during site plan review.)**

A person who is not registered as a voter may not vote in any election. You are directed to serve this publication and to post it at the Boothbay Harbor Post Office, West Boothbay Harbor Post Office, and the Town Office at least seven (7) days before the time of said meeting.

Hereof, fail not and have this Warrant with your doings, thereon at the time and place stated. Given under our hands this 23rd day of March, 2015.
